Office set 4 in 1

## Safety Precautions

Read these safety instructions before using your device and store them for possible future reference.

- The device is not intended for use by persons (including children) with reduced physical, sensory or mental capacity. Persons who have not read the manual, unless they have received explanations by a person responsible for their safety and supervision should not use this unit.
- Children should be monitored to ensure that they do not play with the device.
- The device should always be readily accessible.
- The device should not be exposed to dripping or splashing water.
- No objects filled with liquids such as vases shall be placed on the device.
- Always leave a minimum distance of 10 cm around the unit to ensure sufficient ventilation.
- Open flame sources, such as candles, should not be placed on top of the device.
- The device is intended for use only in a temperate climate.
- At full volume, prolonged listening to the portable audio device may damage the user's hearing and cause hearing troubles (temporary or permanent deafness, hearing drone, tinnitus, hyperacusis).
- So we recommend not to listen to the portable audio device at high audio volume and no more than one hour per day at medium audio volume.
- CAUTION: Danger of explosion if battery is incorrectly replaced or not replaced by the same type or equivalent.
- The battery should not be exposed to excessive heat such as sunshine, fire or similar.
- Different types of batteries, new and used batteries should not be mixed.
- The battery must be installed according to the polarity.
- If the battery is worn, it must be removed from the product.
- The battery must be disposed of safely. Always use the collection bins provided (check with your dealer) to protect the environment.
- The battery can't be replaced by the user, but only by the maker of this product, the after sales department or a qualified person.

### SWITCH OFF IN RESTRICTED AREAS

Switch the device off where the use of the device is not allowed or where there is a risk of causing interference or danger, for example on board an aircraft, near medical equipment, fuel, chemicals or blasting sites.

### INTERFERENCE

All wireless devices are susceptible to interference which may affect their performance.

All our device conform to international standards and regulations, and if need be national ones, with a view to limiting user exposure to electromagnetic fields. These standards and regulations were adopted after the completion of extensive scientific research. This research established no

link between the use of the mobile headset and any adverse effects on health if the device is used in accordance with standard practices.

### **AUTHORISED PERSONNEL**

Only qualified people are authorized to install or repair this product.

### **ACCESSORIES**

Only use batteries, chargers and other accessories which are compatible with this equipment. Do not connect incompatible products.

### **KEEP THE EQUIPMENT DRY**

This equipment is not water proof. Keep it dry.

### **CHILDREN**

Keep your device in a safe place, out of the reach of young children. The device contains small parts that may present a choking hazard.

## USB Mouse and pad

### Specifications

Rated voltage: DC 3V  $\approx$  8mA (2 battery AAA)

Max consumption: 25mW

Radio frequency: 2.4GHz

Max RF output : 0.59mW

DPI : 800/1200/1600

Dimensions : 95 x 65 x 36 mm

Mousse pad material: fabric + rubber

Dimensions : 250 x 210 x 3 mm

### Description of the product

1. Right click
2. Left click
3. Scroll wheel
4. Forward button
5. Backward button
6. DPI button

### Operations

#### Powering the mouse

Connect the USB receiver of mouse to PC correctly.

Check whether the PC can recognize the mouse.

The forward and backward key at left side of the mouse have the function of going forward or backward when browsing web page.

## Wireless keyboard

### Specification

Rated voltage: DC 3V  3mA (2 battery AAA)

Max power consumption: 30mW

Max RF output : 0.74mW

Size: 426 x 119 x 29 mm

USB receiver

### System Requirements:

Supports: Windows 2000/ ME/ XP /NT/ Vista/ Win7/Win8/Win 10/Mac OS

## Product presentation

Please note that the photo of the keyboard may differ depending on the version purchased.

### Operation Instructions:

- Connect the USB receiver of keyboard to PC correctly.
- Check whether the PC can recognize the keyboard.

## Wired headset

### Specifications

Rated voltage: USB + Jack 3,5mm

Frequency range: 20KHz

Microphone Sensitivity: 38dB ± 3dB

Speaker Frame Diameter:  $\Phi$ 40mm

Dimensions: 135 x 153 x 45 mm

Cable length: 1.8m

Impedance: 32 $\Omega$

Plug: USB + Jack 3,5mm

Supports: PC and LAPTOP

### Operations instructions

Speaker and microphone are powered through USB connectors.

Use the microphone to communicate.

## Declaration of conformity UE

Dag Technologie®, hereby declares that this equipment conforms to the essential requirements and other relevant provisions of Directive 2014/53/UE. The declaration of Conformity can be viewed at the following address:

[http://www.mms-support.net/OTA/ECD\\_DAG\\_BLP1920-002.pdf](http://www.mms-support.net/OTA/ECD_DAG_BLP1920-002.pdf)

The European directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE), requires that old household electrical appliances must not be disposed of in the normal unsorted municipal waste stream. Old appliances must be collected separately in order to optimize the recovery and recycling of the materials they contain, and reduce the impact on human health and the environment. The crossed out "wheeled bin" symbol on the product reminds you of your obligation, that when you dispose of the appliance, it must be separately collected.

To avoid possible hearing damage, do not listen at high audio volume for long periods of time.
