Bluetooth headphone

Safety Precautions

Read these safety instructions before using your device and store them for possible future reference.

- The device is not intended for use by persons (including children) with reduced physical, sensory or mental capacity. Persons who have not read the manual, unless they have received explanations by a person responsible for their safety and supervision should not use this unit.
- Children should be monitored to ensure that they do not play with the device.
- The device should always be readily accessible.
- The device should not be exposed to dripping or splashing water.
- No objects filled with liquids such as vases shall be placed on the device.
- Always leave a minimum distance of 10 cm around the unit to ensure sufficient ventilation.
- Open flame sources, such as candles, should not be placed on top of the device.
- The device is intended for use only in a temperate climate.
- At full volume, prolonged listening to the portable audio device may damage the user's hearing and cause hearing troubles (temporary or permanent deafness, hearing drone, tinnitus, hyperacusis).
- So we recommend not to listen to the portable audio device at high audio volume and no more than one hour per day at medium audio volume.
- CAUTION: Danger of explosion if battery is incorrectly replaced or not replaced by the same type or equivalent.
- The battery should not be exposed to excessive heat such as sunshine, fire or similar.
- Different types of batteries, new and used batteries should not be mixed.
- The battery must be installed according to the polarity.
- If the battery is worn, it must be removed from the product.
- The battery must be disposed of safely. Always use the collection bins provided (check with your dealer) to protect the environment.
- The battery can't be replaced by the user, but only by the maker of this product, the after sales department or a qualified person.

SWITCH OFF IN RESTRICTED AREAS

Switch the device off where the use of the device is not allowed or where there is a risk of causing interference or danger, for example on board an aircraft, near medical equipment, fuel, chemicals or blasting sites.

ROAD SAFETY COMES FIRST

Check the current laws and regulations regarding the use of this device in the areas where you drive.

- Do not handle the device when driving.
- Concentrate fully on the driving

- Radio signals could affect some of the car's electronic systems such as the audio stereo and alarm systems.

INTERFERENCE

All wireless devices are susceptible to interference which may affect their performance. All our device conform to international standards and regulations, and if need be national ones, with a view to limiting user exposure to electromagnetic fields. These standards and regulations were adopted after the completion of extensive scientific research. This research established no link between the use of the mobile headset and any adverse effects on health if the device is used in accordance with standard practices.

AUTHORISED PERSONNEL

Only qualified people are authorized to install or repair this product.

ACCESSORIES

Only use batteries, chargers and other accessories which are compatible with this equipment. Do not connect incompatible products.

KEEP THE EQUIPMENT DRY

This equipment is not water proof. Keep it dry.

CHILDREN

Keep your device in a safe place, out of the reach of young children. The device contains small parts that may present a choking hazard.

Specifications

Rated voltage: DC 5V \equiv 1A
Max consumption: 0,5W
Li-ion battery 200mAh
Sound power: 2x15mW
Max RF output: 3.98mW
Radio frequency: 2.402-2.480GHz
Frequency range: 20Hz-20KHz
Bluetooth compatible version: 5.0
Distance Bluetooth stays connected: 10m
Charging time: 2 hours
Music playing time: 5-6 hours(50%VOL)
Dimensions: 170 x 190 x 80 mm
Weight: 180g

Description of the product

1. Volume up (quick press)/next track (keep press)
2. Volume down (quick press)/last track (keep press)
3. Micro USB charge port
4. AUX 3.5 mm jack
5. LED indicator
6. Microphone, built in mic for hands free
7. Answer/end calls, reject call, last number redial /pause
8. OFF/ON

Operations

Powering the headset

Power On: Press the OFF/ON button for 2-3 seconds until the blue indicator light flashes.

Power Off: Press the OFF/ON button for 2-3 seconds until the blue indicator light goes off.

Pair to your mobile phone or other device

Turn on the headphone, the indicator light starts flashing blue.

Search for the **Bluetooth** devices and select **BLP4632**.

When pairing is successful, the blue light indicator flashes (the headset says: "connected")

IMPORTANT: Please make sure the headphone is off before starting pairing process.

Headset will connect to the pre-set phone automatically when turned on (Please check to be sure the **Bluetooth** functionality of your phone is "on")

If the pairing is not successful, please switch off headset first, and then attempt to re-pair.

Answer/End calls, reject calls, last number redial (In blue-tooth mode)

- When there is a call, short-press the  button to answer the call. After the call, press the  button to hang up. (If the other party hangs up first, no need press the  button)
- Reject call: long press 2 seconds the  button to reject the call
- Last number redial: short-press the  button 2 times
- When the phone call is answered, music will pause automatically and enter a "waiting state". After call is finished, the music will resume playing automatically.

Charging the headset

- Insert USB charging cable into the USB block. Connect the cable to a USB power supply that provides SVDC power (charging block not included). Connect charging cable to the charging port of headset. When the red light is on, the headset is in charging. When the light change into blue, the headset is fully charged. It takes 2 - 2.5 hours to fully charge the headset.
- The battery is rechargeable. Low-power indicator: When the alert tone " please charge " and the indicator turns red, this indicates the battery has discharged and needs to be charged. First time charging: please be sure the battery has been fully charged before initial use.

Wired headphone function

When blue-tooth connectivity is not available, connect one side of 3.5mm stereo sound supply extension line to headphone audio jack. Connect the other side to the audio jack of the playback device (such mobile phone, computer, ipad, MP3 players, etc). Playback will start from the device.

Dag Technologie®, hereby declares that this equipment conforms to the essential requirements and other relevant provisions of Directive 2014/53/UE. The declaration of Conformity can be viewed at the following address:

http://www.mms-support.net/OTA/ECD_DAG_BLP4632-003.pdf

The European directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE), requires that old household electrical appliances must not be disposed of in the normal unsorted municipal waste stream. Old appliances must be collected separately in order to optimize the recovery and recycling of the materials they contain, and reduce the impact on human health and the environment. The crossed out “wheeled bin” symbol on the product reminds you of your obligation, that when you dispose of the appliance, it must be separately collected.

To avoid possible hearing damage, do not listen at high audio volume for long periods of time.
